9. To see what action the district will vote to take in regard to the disposal of the \$1,500. now reserved for the renovation of the Corner School.

10. To see if the district will vote to appoint a building committee consisting of three persons to be appointed by the moderator, to advise with the School Board in studying the school buildings to determine the educational needs of the community.

16. To transact any other business that may legally come before this meeting.

SCHOOL MEETING

March 8, 1955

The meeting was called to order by the moderator, John H. Terry Jr., who read the warrant. He then read a letter in regard to the change and the authority for changing the usual time of the meeting.

The clerk, Dorothy R. Rhodes, read the minutes of the March 9, 1954 school meeting. The articles of the warrant were then acted upon.

Article 1. John H. Terry Jr. was elected moderator for the ensuing year, with the clerk casting one ballot.

Article 2. Dorothy R. Rhodes was elected clerk for the ensuing year, with the moderator casting one ballot.

Article 3. Ruth Hatt, who was unopposed, was re-elected school board member for the ensuing three years, with the clerk casting one ballot.

Article 4. Marjorie Hudson was elected treasurer for the ensuing year, with the clerk casting one ballot.

The motion was made, seconded and voted that Article 5 be postponed and be taken up with Article 8. Article 6 and Article 7 to be taken up in that order.

Article 6. Charles Adams explained the school board's views and recommendations of the articles in the warrant. The motion was made, seconded and voted that the school board be instructed to include the minutes of this school meeting in their annual report for the next school meeting.

Nan Christian gave a report on hot lunches, which was accepted and placed on file.

The auditors report was accepted as placed in the warrant.

Article 7. Oscar W. Billings was elected auditor with the clerk casting one ballot.

Article 5. The motion was made, and then withdrawn, that the \$1,000 for hot lunches be included, and voted together with the school appropriation.

The motion was then made, seconded and voted that the district raise and appropriate the sum of \$1,000 for the hot lunch program.

Article 8. The motion was made, seconded and voted that the district raise and appropriate the sum of \$40,084.37 for the support of the schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Article 9. The motion was made that Article 9 and Article 10 be taken up together. This was objected to as the school board would like to see a fire escape in the cellar of the South Village School.

The motion was made, seconded and voted that the district vote to raise and appropriate the sum of \$300 for the construction of a fire escape in the cellar of the South Village School.

Article 10. The motion was made, and seconded that the district vote to raise and appropriate the sum of \$750 for the purpose of making the following improvements and additions in the Village School cellar: Installation of an electric hot water heater; 3 stainless steel sinks; wiring; a floor for the kitchen, and ceiling.

The motion was made, seconded and voted that a ballot vote be taken. No 86, Yes 28. The motion was not carried.

The question was raised as to whether the \$1,500 voted and never used for the Corner School repairs could be used for this purpose. Legal opinion was expressed of the impossibility of doing this.

Donald Paine spoke as selectman, in favor of the children eating lunches at the Town Hall.

Article 11. The motion was made, seconded and voted that the school board take the necessary steps to clear up the titles to land on which the schools sit.

The motion was made, seconded and voted that this article be laid on the table until next year.

Article 12. The motion was made, seconded and voted that the school district quit-claim deed all right or interest it may have in the so-called Corner School house and grounds to the Westmoreland Corner School Historical Association, with the understanding that the school district may use the building at any time for school purposes should the need arise, and that the school board be authorized to execute and deliver such a deed, as soon as the organization becomes incorporated.

It was suggested the \$500 of the \$1,500 once voted for new toilets at the Corner School, now be used for this purpose. Charles Adams, speaking for the school board, was of the understanding that as this money was voted to be used for a school, it couldn't be used for this other purpose.

Article 13. The moderator asked for the sense of the meeting regarding time for annual meeting. A vote by hands showed 33 in favor of the evening of town meeting day; 35 in favor of the afternoon of town meeting and 1 in favor of Saturday afternoon. Several motions were made concerning the time, and then withdrawn.

The motion was then made, seconded and voted that the time be left up to the school board.

The motion was made, seconded and voted to adjourn.

The moderator and clerk were sworn in; also the school board member and treasurer.

A true record of the meeting,
DOROTHY R. RHODES,
Clerk.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Westmoreland of which the above is a true summary for the fiscal year ending June 30, 1955 and find them correct in all respects.

OSCAR W. BILLINGS,
Auditor.

REPORT OF SCHOOL NURSE

The following is my report for the year ending June 30, 1955.

96 pupils were inspected.

96 pupils were weighed and measured.

49 pupils were in need of dental care.

96 pupils had vision tests.

3 pupils had eye examinations and defects corrected by a doctor.

56 pupils had hearing tests.

11 pupils attended pre-registration clinic.

26 pupils attended polio clinic.

In working with the children of Westmoreland we hope they become better able as young people to conserve and improve their own health, and thus enable them to secure that abundant vigor and vitality which are a foundation for the greatest possible happiness and service in personal, family, and community life.

Respectfully submitted,

ELLEN L. McAFEE,
School Nurse.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Westmoreland:

I herewith submit my annual report as superintendent of your schools.

There were two teacher changes this year. Mrs. Dorothy Wilson, a former teacher at the Village School, replaced Mrs. Ruth Lessard in the East Westmoreland School. Mrs. Theresa Taylor, a former teacher in Winchester, replaced Mr. William Fahey at the Village School.

The Westmoreland teachers have met with the teachers of Supervisory Union No. 60 at their regular monthly meetings held for the purpose of improving our educational program. Miss Annette Eveleth, State Director of School Health Services, discussed the recently published health guide at the December meeting. Previous meetings this year were used to prepare for the Guidance Workshop held in October and subsequent meetings will follow-up recommendations developed at the Workshop.

Rm. I and II are in East Westmoreland School. Rm. III and IV are in Village School.

The enrollment for 1955-56 is 110 which is 15 more than last year or 15.6% increase. The rooms at the Village school are overcrowded and will continue to be overcrowded as long as more than 25 pupils are housed in either room. The first and second grade room at the East Westmoreland school is overcrowded now and next year the second and third grade room will be overcrowded. The enrollment forecast chart given above shows that we can expect increases rather than decreases which means that the rooms will become more crowded. More cattle can be grazed on a piece of land but beyond a certain number there is a decrease in milk production. Egg production will suffer if more hens are housed in a given area than should be. The learning process functions far more successfully in school buildings that have adequate space and facilities. A modern school building is a fine asset in a community.

I recommend that a committee be selected to work with the school board to study the problem and make recommendations. I feel sure that the citizens of Westmoreland will support an educational program that will compare favorably with other districts in the state.

Transportation of school children in Westmoreland is expensive, however, the service is very good although the pupils on some routes have to leave early in the morning and our school day has to be scheduled so that eighth grade pupils can be transported to and from Walpole.

The transportation contract expires this year and consideration should be given to the possibility of operating district owned buses.

Tuition pupils from Westmoreland attending other schools:

Grade	8	9	10	11	12	Total
Keene	2	4	2	4		12
Walpole	11	9	7	3	3	33

The use of the town hall facilities for the Village School Lunch Program means a smoother operating program and improvements of the lunch itself as a variety of meals can be served that cannot be served when transportation is involved. The addition of new sinks and a refrigerator are additional improvements. The people responsible for these improvements can be justly proud of their contribution to the welfare of the community.

I wish to thank the school board, teachers, pupils and citizens for their cooperation during this past year.

Respectfully submitted,

ELLIOTT W. KEACH,

Superintendent of Schools.
